Hi Leslie – sorry for the delay. Mike is out of town and does not have access to phone or email. I am not in the loop on the Daniels NOI, and I have not been able to reach Bryson. I logged into the DOGM site, and noted that the last letter sent requires a response by October 7, 2016. I would be happy to send something to Paul, but I would prefer to wait until the end of the week when Mike gets back so I don't get things mixed up. If you are OK to wait until Mike gets back, please let me know.

Thanks!

Pat

Paul - I concur with Pats request for an extension until the end of the week, as we have always dealt with Mike on Daniels Canyon.

Pat - Thank you for the request for extension, please make it a priority with Mike, to request the extension needed.
